[No. 60(116)Ex. Insp/65.]

S.O. 3031.—In exercise of the powers conferred by section 17 of the Export (Quality Control and Inspection) Act, 1963 (22 of 1963), the Central Government hereby makes the following rules, namely:—

1. **Short title and commencement.**—(1) These rules may be called the Export of Light Engineering Products (Inspection) Rules, 1965.

(2) They shall come into force on 1st November, 1965.

2. **Definition.**—In these rules "light engineering products" mean any of the articles mentioned in the Schedule to these rules.

3. **Basis of Inspection.**—Inspection of light engineering products for export shall be carried out with a view to seeing that, the light engineering products conform to either the standard specifications recognised by the Central Government under section 6 of the Export (Quality Control and Inspection) Act, 1963 (22 of 1963), or to the specifications stipulated in the export contract, as declared by the exporter.

4. **Procedure of Inspection.**—(1) Exporters intending to export any light engineering products shall give intimation in Form I annexed hereto and submit a declaration of the specifications, if any, stipulated in the export contract to any of the agencies recognised under section 7 of the Export (Quality Control and Inspection) Act, 1963, (hereinafter referred to as inspection agency) to enable it to carry out inspection in accordance with rule 2.

(2) Every intimation and declaration under sub-rule (1) shall be given not less than two weeks before the date of shipment of the light engineering products, and the light engineering products to be exported, shall be kept ready for inspection without being packed.

(3) On receipt of the intimation and declaration referred to in sub-rule (2), the inspection agency shall inspect the consignment of light engineering products in accordance with rule 3.

(4) If on inspection of the consignment the inspection agency is of opinion that the light engineering products do not comply with the requirements of rule 3, it shall intimate the exporter accordingly and may give an option to the exporter to again present the consignment for inspection, after making good the omission or defect, within a period not exceeding 30 days from the date of such intimation.

(5) The exporter may present the light engineering products for re-inspection to the inspection agency after giving an advance intimation of not less than one week.

(6) After satisfying itself that the consignment of light engineering products have complied with the requirements of rule 3, the concerned inspection agency may issue a certificate in Form II annexed hereto declaring the consignment as export-worthy.

5. Place of Inspection.—Inspection of light engineering products for purposes of these rules, shall be carried out either—

(a) at the port of shipment; or

(b) at the premises of the exporter or the manufacturer of such products, as may be desired by the exporter.

6. Inspection Fee.—Subject to a minimum of Rs. 20/- for each consignment, a fee at the rate of twenty paise for every hundred rupees of the invoice value of each such consignment shall be paid as inspection fee under these rules.

7. Appeal.—Any person aggrieved by the refusal of the inspection agency to issue a certificate under sub-rule (6) of rule 4 may, within ten days of the receipt of communication of such refusal, prefer an appeal to a panel of experts, consisting of not less than three persons, constituted by the Central Government.

(2) The decision of the panel on such appeal shall be final.

THE SCHEDULE

(See rule 2)

1. Brass Utensils.
2. Pocket Knives.
3. Oil Pressure Stoves.
